SOPHISTICATED DESIGN SOLUTIONS WITH A DOWN-TO-EARTH APPROACH

Snyder Architects is an energetic, innovative design studio that delivers collaborative architectural solutions for commercial, residential, pharmaceutical, and healthcare clients.

We're looking for a creative and savvy Architectural Designer with 2-5 years' experience and a desire to take on a new career adventure. If you're passionate about design, have excellent organizational and communications skills, and crave a true hands-on experience – *the kind you've been working toward* – then we want to chat with you.

As Architectural Designer, you'll:

- Use your design abilities in a fast-paced, hands-on environment
- Learn about the business of architecture while refining your design chops
- Collaborate with Senior Architects, Designers and Managers on project scope and translate design intent into construction documentation
- Perform field surveys and attend client meetings
- Coordinate with outside consultants
- Research and implement applicable building codes

Education, Experience, Skills:

- Bachelor's degree in architecture
- Office experience preferred
- Working knowledge of AutoCAD, Revit, and Microsoft Office is required
- Experience using Photoshop and SketchUp is preferred

Benefits:

- Health, Dental and Vision insurance
- Paid time off
- 401(k) and 401(k) matching
- ARE study materials and testing reimbursement
- *Please note:* We're currently working remotely due to Covid-19 (temporarily), however some travel may be required for site visits

Are you ready to work in a collaborative architectural environment? If so, please send a cover letter, resume and 3 of your architectural design samples to: info@snyder-architects.com
